Dear Friend:

First of all I gave Abe the mischief for telling you I would not send you any balls. The fact of the matter is we are so short of balls, we do not know what is going to happen from one game to the next. He does not seem to realize how short things are. We played a doubleheader a couple weeks ago with five bats. I had been pleading with him about bats, and he said dont worry, I will get all the bats I need. Everything is so short, it keeps you on edge.

I think we are going to have to charter a bus to finish the season. Ours is completely worn out.

Now the thing I am writing you about is, The Eagles and The Philly Stars are planing on making a trip to Virginia and can stop in Richmond to play a game July 29th. Would you see if we can have the park.

Let me hear from you right away, so we can get busy. The teams said they did not have a very good crowd last time there. What do you think is the trouble?

The Eagles are looking very good right now. Leading the league, with The Philly Stars right on our neck.

Will be looking to hear from you.

Very Truly Yours
